VACATION SEMINAR NEW DECAL MEET JEFF GODARD

VACATION

Tucker Sno-Cat® will be closed at noon Friday July 29th for our annual two week shut down. We will be open again Monday morning August 15th.

SEMINAR

September 28-29 will be our groomer maintenance seminar. This two day seminar covers every aspect of the machines with special attention to groomers. Please call or email John Meilicke if you would like to attend or need additional information (541) 779-3731 john@sno-cat.com.

NEW DECAL

This is the new decal we are putting on the 275 HP trail groomer. The 70th Anniversary decal is going on all machines.

MEET JEFF GODARD

Meet Mr. Jeff Godard, Jeff started with Tucker Sno-Cat® in March of 2004. After two years in the final production area he was moved into the parts and warranty manager position. A short time later his responsibilities grew to include the growing service department. Late this spring he was invited to join the sales department.

Jeff is a native of Southern Oregon and spent several years working in the tire business prior to coming to work for Tucker Sno-Cat®.

He and his wife Tana have three kids and stay busy with sports, camping, hunting, fishing, and church. Somehow they have also found time to remodel their home (themselves!)
